Key Benefits

- Manual operating with electrical support (DirectControl®)
- Maintenance-free and 5-year warranty
- TÜV and CE certified
- Option for whiteboards & various accessories
- Anti-collision on the display lift prevents damage

Motorized display lift trolley, manually operated, for 98 inch display

This RISE DirectControl® electrically supported display lift trolley is a robust mobile solution. Manually operated, this lift is suitable for screens up to 98" with a max. of 100 kg. This trolley is adjustable in height up to 980 mm, has a universal VESA size up to max. 800x600 and built up to max. 120 kg in combination with, for example, whiteboards. Thanks to the stable base on (braked) castors, the lift is easy to move between rooms.

Sustainability is a key component of the RISE Series display lifts. Vogel's offers an endurance tested design of the display lift of over 30,000 cycles. No EPP | EPS is used in the packaging. There is also a reduction of 85% single used plastic in the packaging. This keeps waste streams to a minimum.
