

## ESSENTIAL M3011 Monitor Arm

Essential Monitor Arm M3011 - Strong and ergonomic The Essential M3011 is a robust gas spring monitor arm designed for mounting a single screen within a range of 17–49 inches and attaches to a desk. The adjustable gas spring allows you to position your monitor easily at the ideal height. The tilt function provides an ergonomic viewing angle to prevent neck and back pain. The arm is suitable for monitors up to 20 kg, with VESA 75 x 75 mm or 100 x 100 mm. The 90° rotation function allows easy adjustment of your monitor from a landscape to a portrait position. Ideal for professional use, among other things. Sturdy, flexible and reliable - exactly what every workplace needs.
