

RISE 4100 Motorized Display Lift Floor Stand

Key Benefits

- Height adjustment range of no less than 700 mm
- Manual operating with electrical support (DiretControl®)
- TÜV, CE and GS certified
- Anti-collision on the display lift prevents damage
- Maintenance-free and 5-year warranty

Motorized display lift trolley, manually operated, for 86-inch displays

The RISE 4100 DirektControl™ electrically assisted display lift floor stand is a flexible, freestanding solution. This manually operated display lift with electric assistance is suitable for screens up to 86 inches and weighing a maximum of 100 kg. Larger screens can also be mounted, though in some cases this requires a software-based height limit. This trolley offers a height adjustment range of 700 mm, features a universal VESA mount (up to 800x600), and supports a load of up to 120 kg when used with accessories such as whiteboards. Thanks to its flat base plate, the lift stands firmly and can be positioned anywhere desired.

RISE 4100 Motorized Display Lift Floor Stand

Specifications

Motorized	Yes
Remote controlled	No
Min. screen size (inch)	55
Max. screen size (inch)	98
