Key Benefits

- Easy to install and maintain
- Quick to install
- Easy to align on X-Y-Z axis
- Solution for every configuration
- TÜV-5 certified

Not possible to place your 2x2 video wall on the wall? Vogel's has put together a complete kit for a professional video wall ceiling solution. This video wall ceiling solution kit is suitable for 55 inch (1397 mm) LCD displays weighing up to 80 kg (176 lb)/display. This modular system is quick and easy to install. Combine the floor-ceiling mounting plates with the PUC 29 poles, display interface plates and display interface strips to create your perfect video wall. With the specially designed (3D) interface strips, you can easily align any screen on the X, Y and Z axis. Even after installation, the screens remain easily accessible for maintenance purposes. Video wall ceiling solution 2x2

Display size: 55 inch (1397 mm) Mounting: 1935 mm x 400 mm (76 inch x 15.7 inch) Max. weight: 80 kg (176 lb)/display
Kit contains: • 2x PFF 7965, Floor-ceiling mounting plate, adjustable • 2x PUC 2920, Pole • 2x PFB 3419, Display interface bar • 2x PFS 3504, Display interface strips 3D

Precision with ease for a seamless installation When installing your video wall on the wall is not an option, Vogel's offers the solution to mount your video wall using a ceiling solution. This is possible with Vogel's modular Connect-it system. Combine two floor-ceiling mounting plates with Connect-it PUC 29 poles, one or more display interface plates and display interface strips to create a perfect and seamless video wall. With ease of installation in mind, Vogel's has designed a unique adjustable floor-to-ceiling mounting plate. This floor-to-ceiling mounting plate makes it possible to install a PUC 29 pole perfectly straight. This floor-to-ceiling mounting plate has a built-in function that makes it possible to correct any unevenness on the ceiling up to ± 3 degrees. How easy is that? The display interface strips used when mounting video walls have maximum adjustability and can be adjusted in 3 directions (3D). These 3D display interface strips can be used to create an absolutely perfect and seamless video wall. Smart design makes maintenance simple The built-in
