

## TLWE78002 motorized trolley for Philips FHD 137BDL9115

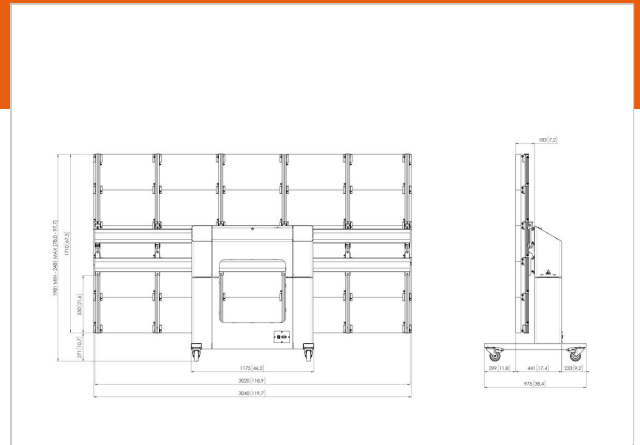

Article number (SKU) 7951280  
Colour Black

### Key Benefits

- Easy install
- TÜV and CE certified
- Mobile and/or stand alone
- Lockable storage space for PC/AV equipment
- Maximum load weight: 225 kg

The TLWE78002 is a composite kit, consisting of a motorized trolley and an LED wall interface. This kit is specially designed for the secure attachment of the Philips FHD 137BDL9115 (5x5 LED wall). The trolley is adjustable in height up to 50 cm and is also TÜV and CE certified.

The PFTE 7120 motorized trolley for LED and LCD comes standard with castors and adjustable legs. Is the trolley intended for use in a fixed position? Then mounting the feet is the most effective and best solution. Despite its large size, the installation looks elegant and stylish, fitting seamlessly into any modern setting. The high-quality materials and beautiful finish give the trolley a luxurious look. And as you would expect from Vogel's, all cables are concealed in the housing. Install your LED wall quickly and easily. Choose precision with ease for a seamless end result. A solution that suits you and your customers perfectly and can be placed in any environment. A beautiful design, one system for different applications, easy to maintain and both durable and versatile. Vogel's. For Sure.
