

RISE A 164 Stud Wall Adapter for RISE 2xxx

Key Benefits

- Quick and easy installation
- For mounting on the RISE floor-wall solutions

The RISE A 164 stud wall adapter makes it easy to mount your RISE 2005 or 2008 on a (weak) stud wall. The stud wall adapter is 90 centimetres wide, allowing you to mount the lift in your preferred position. Because the vertical beams of a stud wall are 45 centimetres apart, when the adapter is used in combination with the RISE A 164, it is even possible to mount the RISE lift between two studs.

RISE A 164 Stud Wall Adapter for RISE 2xxx

Specifications

Width	900
Article number (SKU)	7301644
EAN single box	8712285407383
