Key Benefits

- Easy to install

The PFT8530 trolley frame is a part of the modular Connect-it system with which you can create a mobile solution. The double pole construction allows it to be used for large- to extra large-sized displays. The extra stability makes it ideal for interactive displays. The PFA 9126 will automatically be delivered with the PFT 8530

Vogel's Connect-it floor solutions (floor stands and trolleys) is an uniquely flexible system. With only a few standard components, you can create a solution for almost any requirement. From a single display floor stand in a shop window, a back-to-back display set-up in an airport, to a movable video conferencing set-up for corporate use, the flexible Connect-it floor solutions line fits every situation. Connect-it floor solutions can accommodate displays from small to extra large, weighing up to 160 kg. Connect-it floor modules are available in black and silver to fit any interior décor.
