

MotionSoundMount (NEXT 8375) Full-Motion Motorised TV Wall Mount with Integrated Sound

Key Benefits

- Bluetooth audio streaming
- The first wall bracket with integrated soundbar
- Unsurpassed viewing and sound, anywhere in the room
- Wireless subwoofer can be placed anywhere

For the ultimate experience

The MotionSoundMount is a flexible TV mount with integrated soundbar and wireless subwoofer! This state-of-the-art wall mount allows you to add impressive sound to your TV - just like with the Vogel's SoundMount. But the MotionSoundMount has a unique feature that automatically turns the sound directly towards you. The sound of the film, concert or TV series is directed 100% at you. You can also easily stream your favourite music to the Soundbar from your smartphone or tablet. Everything you need for the ultimate viewing and listening experience! Maximum usability The MotionSoundMount has an impressive level of usability. This motorised TV mount automatically turns towards you no matter where you're sitting in the room and up to 120 degrees to the left or right. After you have turned on the TV, it moves to your preset viewing position in one fluid motion. When you turn the TV off, the screen and MotionSoundMount gracefully move back against the wall. Even mounting and installing is very easy. Everything is plug & play: 1 plug in the outlet and it works!
