Converts an (analog) AV signal to a digital HDMI signal. Connects old and new connections

The SAVA 1021 makes it easy to connect existing video sources with an RCA or SCART output to an HDTV or projector with an HDMI input.

Connect an old video recorder to your new equipment

Does your video recorder only have an RCA or SCART connection but would you like to connect it to your TV with HDMI inputs, for example? The SAVA 1021 converts the signal to HDMI and makes it possible to continue enjoying older AV equipment, but with digital image quality. All cables included. You can easily connect the SAVA 1021. Whether you have an RCA connection or a SCART, all the cables you need are there in the box. And for additional ease of installation, a 3-meter HDMI cable is included. Everything you need for an easy installation, plug and play! The Quality Signature When you purchase one of Vogel's SAVA products, you are always guaranteed quality and innovation. Smart and sustainable products that do what they are supposed to do. As part of Vogel's 'Quality Signature', you can always count on: reliability, design, innovation, ease of use and ease of installation.
