Connect-it

Universal LED mounting solution for a seamless installation

For more than 50 years, Vogel's has been developing innovative reliable and user-friendly mounting solutions for both the consumer and professional markets. Solutions that excel in terms of design, safety and ease of installation.

Specifically for mounting dvLED panels, Vogel's has developed an innovative mounting system; dvLED Connect-it. The system guarantees a quick, easy and seamless installation. dvLED Connect-it is designed so that it can be easily mounted

on a wall, floor or ceiling. Where drilling into the wall, floor or ceiling is not an option, we offer the solution of attaching the system to a Vogel's floor stand or trolley.

The dvLED Connect-it system (patent pending) meets the highest industry standards for quality and safety. High-quality materials have been selected. Materials that have the least possible impact on the environment and increase the lifespan of products.

- ✓ Compatible with Philips Direct view LED displays
- ✓ Slim design: 40,5 mm
- ✓ Precise adjustment in x, y and z directions for seamless results
- ✓ Quick and easy installation
- ✓ Suitable for wall, floor and ceiling mounting
- ✓ TÜV-5 certified, guaranteeing high quality and safety

Looking for a different configuration? No problem – the possibilities are virtually endless. We're happy to help you find the perfect solution. Feel free to contact us for personalized advice.

Success story

46 metre indoor U-shaped LED Wall for dynamic MK-7 event space

When visitors step into Oracle Red Bull Racing's MK-7 space in Milton Keynes, England, they are immersed in the thrilling history of Formula 1, surrounded by Red Bull memorabilia, iconic race cars, and other heritage items. This makes it a unique location, accompanied by an impressive visual experience in the form of a 46.25-metre-long video wall.

More than 500 LED cabinets and over 2,000 LED tiles were used. The Philips Public LED 7000 Series was selected for this purpose.

Custom-made, curved LED mounting strips with adjustment settings were specifically developed to ensure seamless alignment of the 7000 Series LED panels.

Why Vogel's?

The best solution

In our Product Development Centre, we develop products that fully meet the wishes of the end user and those of the installer. This is the starting point of any new product development process at Vogel's. What do we add to that? Future-proof design. So that, even after many years of intensive use, the end user is as happy as ever with it.

The best materials

At Vogel's, we don't compromise on quality. You have to be confident that you have bought a very strong, solid and sustainable product. For us, quality is key in every step of the design process.

Maximum safety

Virtually all Vogel's products are TÜV-certified. An independent guarantee that you have an absolutely safe product. We test many products for the professional market at five times the maximum weight capacity.

Quick and easy installation

Every Vogel's product is designed for easy mounting. As an installer, this saves you a lot of time, especially on larger projects.

Service and support

With years of expertise in AV mounting solutions, our Vogel's Video Wall Expert Team consists of experienced engineers, product managers, and LED/LCD specialists ready to assist with any challenge. No project is too big or complex for us to handle. We pride ourselves on first-class service and support, ensuring a seamless installation process from start to finish.

On-site survey

For large, complex, or custom video wall installations, Vogel's offers optional on-site service and support. The Video Wall Expert Team assists in determining the best mounting method, including technical calculations and drawings. If desired, the team visits the site during the preparation phase to identify potential challenges in advance.

On-site guidance

To support a smooth installation, our experts can provide on-site guidance, offering practical solutions and advice. This helps reduce installation time and ensures efficiency.

Feel free to contact us to explore the **on-site survey** and **on-site guidance** options so we can make an appropriate offer for you.

Leading for 50 years

As an AV installer, you can rely on Vogel's. For more than 50 years, Vogel's has been developing innovative, reliable and user-friendly mounting solutions for both the consumer and professional markets. Solutions that excel in design, safety and ease of installation. So you never choose just any mounting solution. You choose the certainty of the best solution.

Vogel's. For Sure.
