About Vogel's

What began as a personal quest for perfection has evolved into an internationally successful company that manufactures a highly distinctive range of mounts and support systems for audio and video equipment. Vogel's products combine versatile functionality and robust performance with sleek design. Since 1973, Vogel's solutions have been based on the talent and commitment of people who care passionately about the products they create and the customers who use them. Since developing the world's first loudspeaker mount in 1973, we have produced a steady stream of award-winning solutions that make people's lives more enjoyable.

Quality is one of our most important criteria. That's why our products meet the strictest industry norms for quality and safety. We only use premium materials of the highest quality. All products for the consumer market are tested to bear at least 3 times the indicated load.

Our products stand out because of our eye for detail when it comes to design. And all products are developed to provide an extra dimension of personal comfort for today and tomorrow.

There is a big difference between buying a mount or stand and choosing a Vogel's. Choosing a Vogel's is something else altogether. It means you don't simply want to mount a device to save space or keep it from falling on the ground. It signifies you're not just looking for a piece of metal you want to hide behind a nicely designed TV, interactive tablet or highend projector, but a smart solution that is just as much beautifully designed as it is functional. A product that carries a device, protects it and is easy to install. A stage for the entertainment or experience each device promises to deliver.

Thoughtfully crafted, a Vogel's solution guarantees these 5 elements that define The Quality Signature:

- Ease-of-use
- Design
- Innovation
- Reliability
- Ease-of-installation

Our OLED wall mounts fit perfectly

To preserve the minimalist design of your OLED TV, Vogel's offers OLED wall mounts in all shapes and sizes, which fit seamlessly onto the back of your TV.

The thinnest of them all

The THIN 546 full-motion TV mount has been specially designed for OLED TVs and has a distance to the wall of only 45mm!

Full-motion OLED wall mounts

All our full-motion wall mounts move smoothly and have been specially designed to turn these thin TVs.

Full-motion motorized OLED wall mount

This TV mount automatically turns towards you and is operated via an app. With this OLED wall mount, you never need to touch your fragile OLED screen again.

Special OLED wall mounts

Vogel's has developed special OLED wall mounts in co-operation with LG, as the rear of most LG OLED TVs is different to those of other TVs. The Vogel's TV wall mounts NEXT 7346 and NEXT 7356 are a perfect fit for LG OLED TVs. Vogel's has also developed a flat and full-motion solution for the exclusive LG Signature models: NEXT 7505 and NEXT 7555.

NEXT series

The very best in wall technology

If you choose a NEXT wall mount, you do not just choose a beautiful mount, but also the best wall mount!

NEXT series is the new future standard offering motorized TV wall mounts with intuitive usage and very supple hinges. Developed for any TV, from OLED to large size TVs up to 100inch. Or TV Mounts with an integrated sound bar.

The cables are invisibly hidden in the fixture, and the Screen Protection System ensures that your valuable TV does not bump into the wall.

Key features:

- Unsurpassed viewing and sound, anywhere in the room
- The first wall bracket with integrated sound bar
- Enjoy the Cable Inlay System (CIS®) and hide all your unsightly cables
- Screen Protection System (SPS®):
 Vogel's patent protects your TV screen from bumping into the wall when turning

THIN series

The thinnest TV wall mounts of them all

Choosing a Vogel's THIN wall mount is wanting so much more than a piece of metal you attach to the wall to showcase your television. It's a mount so thin, it's almost invisible. What's more: its quality has been thoroughly and manually tested.

A TV wall mount especially designed for the VESA hole pattern for OLED TVs is THIN 546. With this ultra-thin solution you mount your OLED TV extremely flat against the wall.

Key features:

- Mount your (OLED) TV sleek to the wall
- Enjoy the Cable Inlay System (CIS®) and hide your cables
- Mount your TV perfectly level, even after installation
- Use the TV Mount app and mark the first drilling hole easily!

SAVA series

Smart AV Accessories make connectivity easy

We all use electronic devices to watch, listen and play content, everyday. That goes for both your brand new smart TV as well as that long cherished stereo set or legacy game console. With our SAVA products, you can combine your AV devices without compromise.

Our SAVA products are divided into 4 sub-categories:

- CONNECT makes HDMI connectivity easy
- CONTROL keeps you in control
- CONVERT takes the hassle out of connecting devices
- STREAM takes the experience anywhere you want

SAVA 1026

Smart AV HDMI auto switcher

SAVA 1022
