

S052.7150W Motorized Display Floor-Wall Lift

This floor-supported wall lift, thanks to its 2 columns, offers extra stability and sturdiness for working with a touch display. The display is easily adjusted to height with the controller, which silently and electrically adjusts it. At the rear of the mounting device, space has been created for the placement of a mini PC.

The logo for Smart Metals Mounting Solutions. It features the word "Smart" in a blue, sans-serif font above the word "metals" in a larger, bold blue, italicized font. Below "metals" is the tagline "MOUNTING SOLUTIONS" in a smaller, all-caps, blue, sans-serif font.
