

PUC 2330 Pole 300 cm

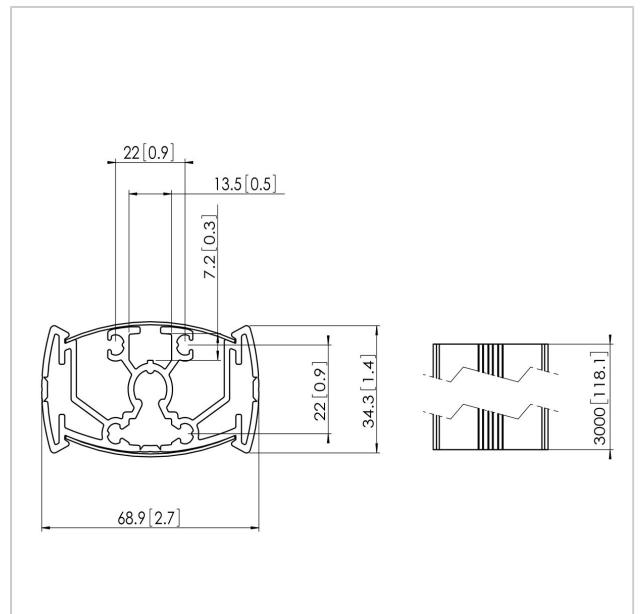

Article number (SKU) 7223304
 Colour Silver

Key Benefits

- Cable management
- Modular

The PUC 2330 is an 300 cm pole and is a part of the modular Connect-it system with which you can create your own ceiling solution for small- to medium-sized displays.

The PUC 2330 is equipped with a double cable duct system with which you can quickly and simply ensure that all cables are concealed. The pole is made of aluminium and, therefore, it can be easily cut at the required length. The Connect-it poles can be easily customised by the user. By sticking on the plastic cover strip on the Connect-it pole or by replacing it by your own strip, it can be adjusted to the house style of the interior. Multiple displays can be installed on top of each other or back-to-back.
