Key Benefits

- The securest mount for 70 inch TVs, 80 inch TVs, all the way up to 100"
- 4 ultra-strong arms so even the heaviest TV will always hang straight - spirit level included!
- Easily level your TV even after installation & hide all unsightly cables
- Independently approved by the TUV testing agency to hold up to 3 times its maximum weight
- Backed by Vogel's Lifelong guarantee to protect your pride and joy

Put your TV in the safest hands

You've spent good money on a great TV. So when it comes to putting it pride of place, you don't want to risk mounting it with just any wall mount. For you, only the best will do. So for peace of mind that gravity won't get the best of your TV, you need the THIN 550.

Strong, sturdy and super sleek

The THIN 550 TV bracket can hold almost any XL TV up to 70kg, from 40" to 100" (102-254 cm), and can be mounted flat against the wall so it won't take up any more space than it needs to. It's independently approved by the TUV testing agency as being able to hold up to three times its maximum weight. With four ultra-strong arms and a spirit level included, it will support your TV and save you continuously checking the precision. Its heavy welded construction and broad wall plate for extra solid mounting means, unlike so many other things in life, it won't let you down. But don't think we've compromised on cosmetics - it's made out of the best quality black steel for a sleek and contemporary style to suit any room. And if that's not enough reassurance, it's backed by Vogel's Lifelong Guarantee to ensure you always get the best from your bracket. Full motion for full viewing pleasure Finally, the best view is from wherever you want it to be, because the full-motion THIN 550 lets you turn you TV to almost any position. Turn it up to an incredible 120° and tilt it up to 20°, with no cables to mess about with, no need for annoying reflections to obscure your viewing and no need to fight for the best spot. Essentially, no more DIY nonsense.

Ultra strong

Built for large and heavy TVs
