

062.0550 Flat panel stand 1310-1510mm, max. 55 inch (max. 30 kg)

Also in a compact board room or meeting room with weak walls, it is possible to install a flat panel or monitor in an aesthetic way, using this design floor stand.

The 062.0550 can be used for monitors up to 30 kg and 55 inch. The monitors position is manually in height adjustable, and offers a viewing height between 130 and 150 cm (centre panel); offering an ideal height from sitting position by the meeting table. The inconspicuous design with black matte base plate and slim round, glossy white column fits in nearly any interior; other colours are available on request. The cabling can be run through the column at the back side. The mounting plate offering maximum VESA 400, also includes a fixation for a mini/NUC PC (VESA 75 and 100); to offer a quick and complete solution behind the monitor.
